Description

Product Details of Remax 5 Port USB Charger

Juice Up with Multiple Ports

In this day and age, it is common for people to own at least two electronic gadgets. Smartphones, tablets and power banks are the most common electronic devices that need charging. Instead of charging them individually, why not charge all of them together? The Remax 5 Port USB Charger lets you charge up to five devices at once! Perfect for everyday use, families and friends can benefit from this Remax data cable and time again. In addition, the Remax 5 Port USB Charger is perfect for travelling as it is so compact and lightweight.

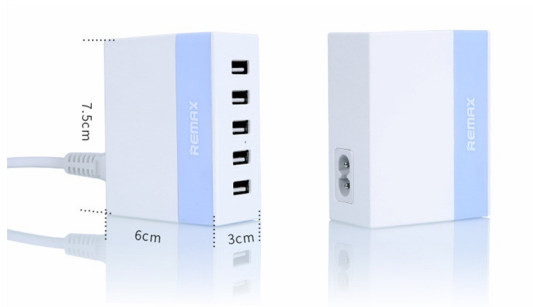

Practical, Compatible and Durable Remax

The magnetic structure of the device prevents you from losing the cover which is practical and useful. Also, the Remax 5 Port USB Charger is compatible with all USB charging cable and the 5 USB ports are compatible with Apple or Android digital devices so that family and friends can charge their devices with ease. In addition, the REmax is made with safety in mind to ensure safe charging of most USB devices. It can realize 2.4A quick charge and the charger time is shortened to 30% as compared to other similar products. The USB charger comes with an intelligent charging chip and has an output of USB-1 DC 5V-1.0A, USB-2 DC 5V-1.0A, USB-3 DC 5V-1.0A, USB-4 DC 5V-2.1A, and USB-5 DC 5V-2.4A
